ANNEXURE 1

Objective of DCCW Olympiad 2017-18:

1. Create a secure cyber space for young India
2. Empower through digital literacy, digital resources and collaborative digital platform
3. Create digitally authentic, transparent, real-time and inexpensive life-long learning towards digital empowerment
4. Ethical and productive use of technology through mobiles/smart devices
5. Knowledge of cyber laws in relation to Indian Penal code
6. Opportunity to create a digitally connected learner's community in rural and urban
7. Empower entire paradigm of RESPECT, EDUCATE and PROTECT (REP) while keeping pace with expectations of digital environment and its integration in way of life
8. To identify a cyber-safe community to involve and engage in the Cyber Safety national program being designed by NeGD for November 2017.

Mode of participation:

ON-LINE MODE ONLY to support Cyber safety and also to encourage more readiness of infrastructure for our education community to be future ready in the competitive world and to adopt more and more e-Initiatives/apps/mobile apps introduced by our Government which is the need of the hour towards progress.

Infrastructure requirement for the Olympiad:

- No special requirement; Internet and device will serve the purpose. Device can be either desktop, laptop, tablet or smartphone
- However, a better internet speed will give you a better user experience J

To Participate:

- Go to www.learningolympiads.co.in and register as per categories defined (EDM is attached herewith for details)

Olympiad is open for 4 categories:

- Students (BASIC) – class 3 to 5
- Students (ADVANCE) – class 6 to 12
- Educators – K-12
- Others : i.e. Community including parents (anyone who is interested to learn to be safe on-line)

Olympiad Duration:

- Olympiad is open for participation till July 31' 2017

Last date is extended to 31st October 2017

Participation Fee:

- Participation is FREE for all STUDENTS and EDUCATORS ONLY of government schools across India

- A nominal amount of INR 300/- (inclusive of tax) is to be paid by private school students, educators and community from any sector (government / private / individual).

Certification and recognition:

- Participation certificate – to every participant
- Certificate of Merit – who obtains 91-95% marks
- Achiever's club certificate – who obtains 96-100% marks
- Get recognised on the portal and be part of future programs at national and international level
- School with highest number of participation also gets an opportunity to feature on the portal

Key features of Olympiad:

- The certificate will hold value specially when students aspire to apply for higher education overseas because of Ministry of Electronics & information Technology & UNICEF endorsement
- One of the very few Olympiads which is open for educators and community
- Completely online, hence participants can take the final Olympiad test anytime, anywhere
- User friendly website that allows participants to browse and access content/information easily without much guidance
- Learning material available online for every participant who completes the registration
- Mock test can be taken any number of times till ready for final test
- Test can be taken on any device i.e. PC/Laptop/Tablet/Mobile
- System transparency as participants can see result instantly after submitting final Olympiad test and also get instant certificate printing option
- Several opportunities to get recognized
- One fee (Fee not applicable for Government school students and educators) for entire Olympiad. This fee includes service tax, learning material, certificate and recognition opportunities
